

How-to-Read Instructions for Lightmare and Odin's Rage models

The small LEDs
at the center
represent the
single minutes in
between each 5
minutes.

The LEDs in the inner
circle represent the
hours at the same
positions as an analog
watch.

AM LED indicator

The outer circle of
LEDs represent the
minutes in increments
of 5 minutes like in a
regular analog watch.

In this example the time is 4:18 AM
